

# **Chappell Ina S. Thompson Emergency Plan**

## **Hurricanes**

In areas where hurricanes are prevalent Chappell provides monitoring of television and radio broadcasts. Mandates are issued by the Mayors office and/or weather stations to which we readily respond. Should the children need to be evacuated from the child care center building immediately, they will be escorted to the cafeteria of the adjacent DHSMV building. (2900 Apalachee Parkway)

## **Center Closure Due to Dangerous Weather**

Our center will be closed when traveling to and from the center endangers the lives of our children, parents and staff. The decision to close the center due to extreme weather conditions will be determined by the Corporate office. This decision will follow the advice or actions of the Department of Highway Safety and Motor Vehicles. Should Chappell decide to close when DHSMV is not, a voice mail message will be entered on the child care center's system as well as [www.chappell-schools.com](http://www.chappell-schools.com)( In Chappell news).
