Director's Corner

Happy New Year to each and every one! We hope everyone had a wonderful holiday and enjoyed spending time with their loved ones. Family is very important.

We're looking forward to the joyful and positive energy that the new year will bring. This year will be filled with fun and excitement.

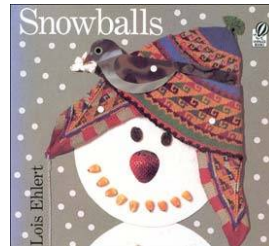

Thanks to all my wonderful parents for all their support this holiday season. Special thanks to Zachary's granddad for bringing Santa in to visit with the VPK children; to Stanley W for making the arrangement for Santa to visit the K3, K2 and Toddler classes; to Kadien's mom for letting us borrow a very special costume; and to the teachers for doing such a great job on the decorations. Oh, the joy we felt this holiday season was incredible!

We wish everyone good health and a prosperous year!
