Director's Corner

Welcome back! It has been a busy holiday season and we hope that you had a wonderful and safe holiday. We're looking forward to the many fun activities we have planned for 2012.

We are so excited about this month's curriculum theme: Winter. The children will become more knowledgeable about this subject through developmentally appropriate activities such as finger plays, stories, math games and science experiments. We ask you to join in the fun by reading books about winter with your children.

I would like to thank all our parents for their continued support to our program in helping us keep our center a fun, loving, safe, learning environment.

From the Chappell Ina Thompson family to yours, have a safe and happy New Year and remember every day is a GREAT DAY at Chappell Ina Thompson.

~ Angela Mitchell, Director

Fun Facts About January

Did you know that January is "National Soup Month"?

Throughout this month our children will be experimenting with different types of soup through cooking projects, art projects, or simply by reading a "soup" book.

REMINIS

- If your child is out ill, please call and inform the staff of their illness.
- Please keep a weather-appropriate change of clothing in your child's cubby. Don't forget to label each item with your child's first and last name.
- Please check your child's cubby for daily reports and weekly activities.
- **Outside food cannot be brought into the center for your child unless he/she has a special diet.** In this case, an alternative nutrition card must be on file and meals must be ready-to eat. We cannot prepare or heat these alternative lunches.
- For your children's safety, parents must sign their child in and out everyday.
- We prefer that children not bring toys, books or other articles from home as Chappell will not accept responsibility for any lost or broken personal items.
